THIRD DAY'S SESSION

Of the National Association of Operative Potters Consisted Mainly

IN OFFERING RESOLUTIONS

Upon Various Matters Pertaining to the Order — Delegates Taken Through Whitaker Mill.

The third day's session of the National Association of Operative Potters was the busiest so far of the week, though the press committee would give out practically nothing of importance that transpired during the day. President Hughes rapped the delegates to order at 9 a. m., and the time from that until 12 p. m. was devoted principally in offering resolutions, but none of the members would disclose the nature of these.

At the morning session a resolution was offered which in effect would change the order of business used by the present organization. It was referred to the committee. They reported, and recommended rejection, and that the same order of business now in the constitution be continued. This was resolution No. 9, and is one of the twenty-four that have been introduced to date in the convention.

A resolution providing for the reconstruction of a national executive board was offered, and took up most of the time of the morning session. This resolution caused a very lengthy and heated discussion among the delegates, and is still pending. The present executive board is selected solely by the East Liverpool locals, acting in conjunction with the national officers of the organization. The east has an advisory board, but its powers are very limited, and they are subordinate in every way to the executive committee. This resolution was offered by a Wheeling local, and the Trenton locals fostered it. If the resolution goes through the election of the executive board will occur at the annual meeting of the national convention. The executive board is invested with full powers in all matters pertaining to the national order, and has full sway between the meetings of the national body.

A resolution was offered which would tend to increase the assessment from one per cent to two per cent. This assessment is for use in the defense fund. It was rejected, nearly all the delegates voting against it.

A resolution providing that locals organized in the future shall have been constituted and in existence six months before they are entitled to representation went through, after a little discussion.

A resolution providing for an apprentice to every three journeymen was presented, and after some discussion it went over, and is still unsettled. Under the new uniform wage scale, there is no ratio of apprentices to journeymen, and if this measure is carried out all the potteries coming under the new scale will have a uniform ratio.

After adjourning at 12 o'clock the various committees retired to their hotels and discussed the matters entrusted with them, and reported at the afternoon session, which was called to order at 2 o'clock.

Afternoon Session.

At the afternoon session resolutions were offered suggesting that at noon Thursday a limit be placed to the offering of resolutions. This was carried by a two-thirds vote.

Resolutions were offered providing for the appointment of a committee to gather information and prepare some plan for adopting a uniform scale on red ware. They were instructed to report to the national executive committee.

Resolutions were presented providing for a standing committee, to be composed of one from each branch of the trade, one from the national executive committee and two from each local, for the purpose of deciding all disputes.

New resolutions were presented at the afternoon session, numbering from twenty-six to thirty-four, and were referred to the different standing committees. The delegates maintained a discreet silence concerning the nature of these resolutions, and no information could be gotten concerning them.

It is likely that the business of the convention to-day will consist mainly of the discussion of resolutions and hearing of committee reports. The Trenton delegates have not yet begun their fight on the uniform wage scale, but it is likely they will begin operations to-day or to-morrow. They will likely present the matter in the form of a resolution. The East Liverpool delegates favor the scale, and it is likely a warm fight pro and con will be waged in the convention to-day or to-morrow.

Last night the delegates were, upon invitation of Senator N. E. Whitaker, escorted by a committee from the Trades Assembly through the Whitaker Iron Company's plant. The members of the Trades Assembly committee are President Bauer, Vice President Byrne, Edward King, J. O'Leary, John Ritz, Thomas Doyle, Edward Gillies and Peter Walt. They were met at the plant by Night Manager Hawkins, who proceeded to show them every department of the mill, and explained all the details of the construction of sheet steel.

This evening the delegates will be entertained at a "smoker," arranged for them by the Trades Assembly. The following programme has been prepared for the affair:

Opening Address..... President Bauer
Reception..... The Dinner Party
Song..... Miss Ritz
Cake Walk..... Delegate John Morrow
Address..... The Misses Welsgerber

BRIEF MENTIONINGS.

Events in and About the City Given in a Nutshell.

A large crowd attended the band concert at Finnegan's garden, on South Main street, last night.

Chapline street below Eleventh, and Jacob between Fifteenth and Sixteenth streets are being prepared for paving.

Anticipation is rife for the collision to-morrow evening at the Wheeling Park Casino. A large crowd will be in attendance.

The city building was a drear and desolate place yesterday. The convention at Charleston seems to have about depleted the place of its inhabitants.

Miss Maud Vance delightfully entertained her friends at Mozart park last evening. Dancing was the feature of the evening. Music by Prof. Anton La Roche.

The event of to-night will be the reception given by the Misses Frew, at the home of their mother on North Main street. The hours are from 8 to 11 o'clock.

About fifty miners were laid off at the La Belle yesterday. Gas will hereafter be used in all the departments instead of coal, thus dispensing with the services of the miners.

In Squire Greer's court yesterday a warrant was issued for Charles Hill, charged by Annie Hanks with jumping a board bill. The hearing will take place this morning at 10 o'clock.

The Sunday school of St. Matthew's P. E. church pleneted at Wheeling park yesterday. The ladies of the congregation had charge of the affair and a large crowd of young folks was in attendance.

Word was received yesterday from Atlanta, Ga., announcing the death of Mrs. Miriam Armstrong Glen, formerly of this city, and daughter of the late Rev. J. G. Armstrong, former rector of St. Matthew's church.

Officer Larkins last night took Annie Marshall in custody for drunkenness. Annie got gay at the switch-back, corner of Main and Sixteenth streets, and was run in by Larkins, who happened to be in that vicinity at the time.

The members of the O. W. L. Club met last night and decided to reorganize the old organization. A committee was appointed to secure desirable quarters, and it is probable that before many weeks a "flooding" of the Owls will be held at one of the parks.

The remains of the late Henry Harper, who died at Meriden, Ill., Tuesday, will arrive here this morning, and be taken on to the Methodist Presbyterian church, where the funeral services will be held this afternoon at 2 o'clock. The Odd Fellows will have charge of the funeral, and Rev. Joseph Speers will conduct the services. The interment will take place at Greenwood.

I HAVE just returned from Franklin, Ky., where I spent a year as professor of principles and practice in the Southern School of Osteopathy, and would be glad to see my former friends, and all who are interested in osteopathy.

C. M. CASE, M. D. D. O.,
Tri-State Osteopathic Institute, corner of Twelfth and Main Streets.

Off For Atlantic City.

At midnight last evening one of the largest crowds of the season departed for the seashore over the Baltimore & Ohio. Besides a large crowd from Wheeling, there were many from Sistersville, Moundsville and Martin's Ferry in the party. There was an extra sleeper and special coach attached to the train.

In Clerk Robertson's Office.

The following were recorded in Clerk Robertson's office yesterday:
Mary Bernser qualified as executrix of the will of Henry Bernser; bond, \$100.
Two deeds of trust were recorded.

Accidents Will Happen.—John Brown, a G. A. R. veteran, of 2446 Marshall Street, Philadelphia, says: "By a mere accident I came across Dr. Ayer's Catarrh Remedy. I was at great suffer from that dread malady—Catarrh. This wonderful remedy effected a speedy and permanent cure, and I have been so thankful that I am willing to spend much time in spreading the good news." Sold by Charles R. Goetze, Twelfth and Market streets.—16.

We Believe

when offering bargains, two things are to be considered:

FIRST—ARE THEY REASONABLE?
SECOND—ARE THEY DESIRABLE?

In these two phrases we mean they must be just such suits as men are in search of, at the same time to sell them for less than they can be bought for elsewhere.

Summer Suits are cheapest just at the height of wearing time, but only here, and at these prices:

\$14.00 and \$15.00 Suits for..... **\$9.00.**
\$10.00 and \$12.00 Suits for..... **\$6.50.**

Not philanthropy but house clearing. All the season's goods. All sizes in combined lot, but no more than two or three suits of one kind.
